

DEFENDING THE QUALITY-OF-LIFE FOR SERVICE MEMBERS AND THEIR FAMILIES SINCE 1961

The Air Force Sergeants Association (AFSA) is a federally chartered Military and Veterans' Service Organization representing the professional and personal interests of our members, Total forces, and their families.

With 7 Divisions and 125 Chapters worldwide, our members come together to make a difference within their own communities.

With reverence for God and Country, we work with our nation's Congressional and Military Leaders on Capitol Hill, and within the DoD and VA.

At its core, our mission is, and will always be, to improve the quality of life and support the well-being of all military personnel and their families.

2024-2025 LEGISLATIVE PLATFORM

This platform of legislative objectives serves as a "blueprint" for testimony and advocacy efforts, in conjunction with responses dictated by day-to-day events.

At the over-arching level, our mission encompasses seven major groups of focus - within each focus group are the important issues to AFSA's 75,000+ members.

However, in understanding our Nation's current fiscal situation, success in each of these areas will not always be defined by what is gained. Rather, success will be determined at the level of which a benefit is preserved or from gaining a portion of our objective.

At its core, our mission is, and will always be, to defend the quality of life for service members and their families.

To promote further study and adjustments of pay and allowance to more equitably respond to fluctuating national economic conditions.
- To support the promotion of future success via the use of hard-earned education benefits such as the Military Tuition Assistance (MilTA) program, MyCAA, Montgomery or "Forever" GI Bill - and ensure that these programs remain relevant and fully funded for themselves or any dependents whom their benefits may have been transferred.
- To extend and enhance educational and employment programs for military spouses; to fully fund Impact Aid.
- Duty Status Reform for National Guard to fix the complex reserve duty status system (e.g., 12304b situation) without reducing compensation value; to reduce the Guard & Reserve retirement compensation age from 60 to 55. Further reforms toward benefit equity, including healthcare.

ON-GOING LEGISLATIVE AND POLICY ITEMS

Military Healthcare

- To provide for an option of TRICARE Reserve Select (TRS) to Air Reserve Technicians (ART)
- To resist TRICARE fee increases, pharmacy co-pays and authorize pre-tax payment of health, dental, and long-term care premiums to include chiropractic care.
- To ensure proposed military medical billet cuts, any other uniformed/civilian/contracted medical personnel reductions and/or military treatment facility downsizing, or closures are not implemented until DoD provides Congress a thorough analysis of civilian care availability, ensuring no benefit reduction for any beneficiaries.
